WEEKLY REPUBLICAN—1897.  
DAILY PUBLIC LEDGER—1898.

MAYSVILLE, KY., MONDAY, MAY 14, 1906.

ONE COPY—ONE CENT.

THE GIRL IN WHITE.

From hat to heels the summer girl will be attired in white. In fashion sheets this item meets our eye—it must be right. We trust the season soon will bring this maid with snowy frills: She'll add to our affections and her father's laundry bills. The summer girl is fair to see, No matter how attired; No matter what her garb may be, She's made to be admired. So if her hue were white or blue, Or red, or what she would, Whatever the shade that decks the maid The summer girl looks good.

The Advisory Board of the Fiscal Court met Saturday in the office of Superintendent Smoot in Court street and organized by electing Squire John W. Boyer Chairman and Squire Cooper Secretary. Before entering on a line of procedure it was decided that the Board make a tour of inspection of the county roads and bridges. It is almost a certainty that they will find things under Superintendent Smoot's supervision in tip-top shape and up to the minute.

The Republican Executive Committee met at the New Central Hotel Saturday to elect a successor to Chairman W. E. Stallcup. A large majority of the members present expressed a preference for Hon. A. D. Cole, but as there lacked one of being a quorum the meeting adjourned until County Court Day in June. Mr. Cole has never asked nor received anything from the Republican party, and this recognition of his services would be an honor worthily bestowed.

LEIGH W. ROBERTSON.

After an illness extending over some two years, Attorney Leigh W. Robertson passed away at 7:20 last evening at his home at the New Central.

He came of distinguished ancestry, and was born in Harrodsburg June 3d, 1847, having nearly completed his 59th year.

Following his graduation at Center College, Danville, he entered the Law School at Harvard, graduating from that institution with high honors.

After his marriage to Miss Lucile Pearce on May 24th, 1870, he took up his residence in this city, which has ever since been his home.

He soon established himself in his chosen profession, and until failing health compelled his retirement from active practice he held high rank as a Lawyer, being frequently called to the Bench to sit as Special Judge in important cases.

Once a candidate for judicial office, he was defeated by a narrow margin, chiefly because of his modesty and his disinclination to engage in the wiles of the politician.

Surviving he leaves a widow, an only child having died in infancy.

His next immediate family consists of his aged mother, three brothers and two sisters. Arrangements for the funeral had not been made when THE LEDGER went to press.

## SOME TALK!

Did you ever notice when reading the paper---Maysville, Cincinnati, New York, Philadelphia or any other newspaper---you will find most every store advertising their goods will claim that their department is the largest, therefore the best? Why, you can see stores making claims to the largest sales in their respective towns when if it came to a "show-down" they probably wouldn't sell in a year what any one of a dozen others sell in a week. When we make a statement IT'S TRUE, and we challenge contradiction to a single item we ever advertised that is not exactly as stated.

## SOME FACTS.

We do the largest Carpet business in this section of Kentucky, and there is not a man, woman or child with at least ONE EYE and a fair amount of brains that don't know it, and yet other stores lay claim to it.

IF FACTS ARE NOT STATED CORRECTLY AT THE START, WHAT MAY YOU EXPECT AT THE TIME OF SALE?
